

Financial support for farmers & landowners

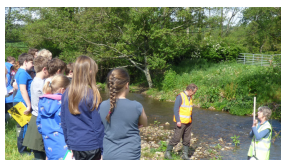

Maximum available
grant £50,000 -
minimum £2,000

**Farming in Protected Landscapes is a
programme funded by DEFRA and delivered
across all AONBs and National Parks.**

Grants are available for one-off projects that:

- Tackle the impacts of climate change; storing carbon on farms and alleviating flooding.
- Support and enhance wildlife on the land.
- Provide opportunities for people to visit your land, learn more about the landscape, farming and wildlife, and contribute towards farm income.
- Help maintain the character of the landscape and conserve historical features.

FUNDING CLOSES March 2025 – for more info contact your AONB:
